

Respected Council,

We are the owners of: [REDACTED]

I hope this message finds you well. I am writing to inform you of our objection regarding the proposed **Four dwelling unit per detached residential property by-law amendment** within our neighborhood.

We recently moved to Oakville and this neighborhood for its tranquility, characterized by serene streets and a close-knit community atmosphere. We firmly believe that introducing high-density developments would compromise the essence of our neighborhood and disrupt the peaceful environment.

We have also signed a petition being brought forward tomorrow, objecting to this amendment by our neighbours.

Warm regards,

Srinidhi Kashyap and **Nandini Srinidhi.**
