

Subject: Please vote NO on Monday May 6th

Dear Elected Officials:

Let it be known that I oppose the two town-initiated official plan and by-law amendments which are the subject of Monday night's vote. I fear that the implementation of these new amendments will jeopardize the integrity and character of the well-established, family oriented neighbourhood in College Park in which I have called home for almost thirty years.

I am asking you to please listen to your constituents.

Vote NO: to four dwelling units per detached residential property across Oakville
Vote NO: to four story dwellings within 800 m of Sheridan College

Vote NO: to "alternative" minor zoning by-law amendments deemed necessary for the HAF application initiative

Keep Oakville livable to the people who already live here.

Thank you,

Cheryle Noel
