### KEY FACTS:

The following are key points for consideration with respect to this item:

- Establishing a multi-year accessibility plan is a requirement under the Accessibility for Ontarians with Disabilities Act, 2005 (AODA), outlining the specific actions the Town of Oakville will take to meet AODA requirements, prevent and remove barriers, and provides timelines for when these actions will be completed.
- The town's [2024-2029 Multi-Year Accessibility Plan](#) was approved by Council on October 21, 2024.
- Every year, town staff provide an annual status report to the Accessibility Advisory Committee on measures taken to implement the town's multi-year accessibility plan to meet requirements under the AODA.
- Town staff welcomes feedback from the Accessibility Advisory Committee at its meeting on December 12, 2024, on the 2024 Accessibility Annual Status Update (Appendix A).
