#### KEY FACTS:

The following are key points for consideration with respect to this report:

- An application was received on December 3<sup>rd</sup> 2024, requesting the removal of Holding Provision “H60”.
- The site was subject to a previous Zoning By-law amendment (Z.1307.07) and was approved by the Town Council on May 15, 2023, concurrently with a Draft Plan of Subdivision (24T-20007/1307) to permit the development of 314 townhouse units, 702 detached dwelling, parks, school and Natural Heritage System.
- Holding Provision “H60” was established on the subject lands within the subdivision at the request of the Region of Halton. The purpose of the Holding Provision, as it relates to these lands, is to restrict the use of the land for legal uses, buildings and structures existing on the lot, until conditions a) to d) of Section 9.60.2 of the Zoning By-law 2009-189 have been completed to the satisfaction of the Town of Oakville and the Region of Halton.

- Halton Region staff confirmed that they have no objection to the application and confirmed that the applicant has satisfied their conditions to remove Holding Provision “H60” from the subject land in their commenting letter submitted to the Town and dated December 18, 2024.
- In support of the application the applicant received clearance from Halton Region, dated September 24, 2024.
- Staff recommends that By-law 2025-035 be passed, to permit the “H60” removal.

### **BACKGROUND:**

The “H60” Holding Provision was incorporated into the Zoning By-law at the request of the Town and Halton Region. The Purpose of the “H60” is to limit development on the subject lands to legally existing uses and structures on the subject lands, until such time that the following condition has been satisfied:

- a) The Owner shall secure the appropriate amount of water and wastewater Servicing Allocation under the Region of Halton Allocation Program;
- b) The Owner shall have signed the applicable Allocation Agreement or any required Amending Agreements;
- c) The Owner shall have made all required payments associated with the Allocation Program; and,
- d) The Owner shall be in receipt of the Region of Halton Public Works Commissioner’s Notice (PWCN) letter.

The applicant will be eligible to proceed with further development approvals once the “H60” is removed from Zoning By-law 2009-189.

### **Proposal**

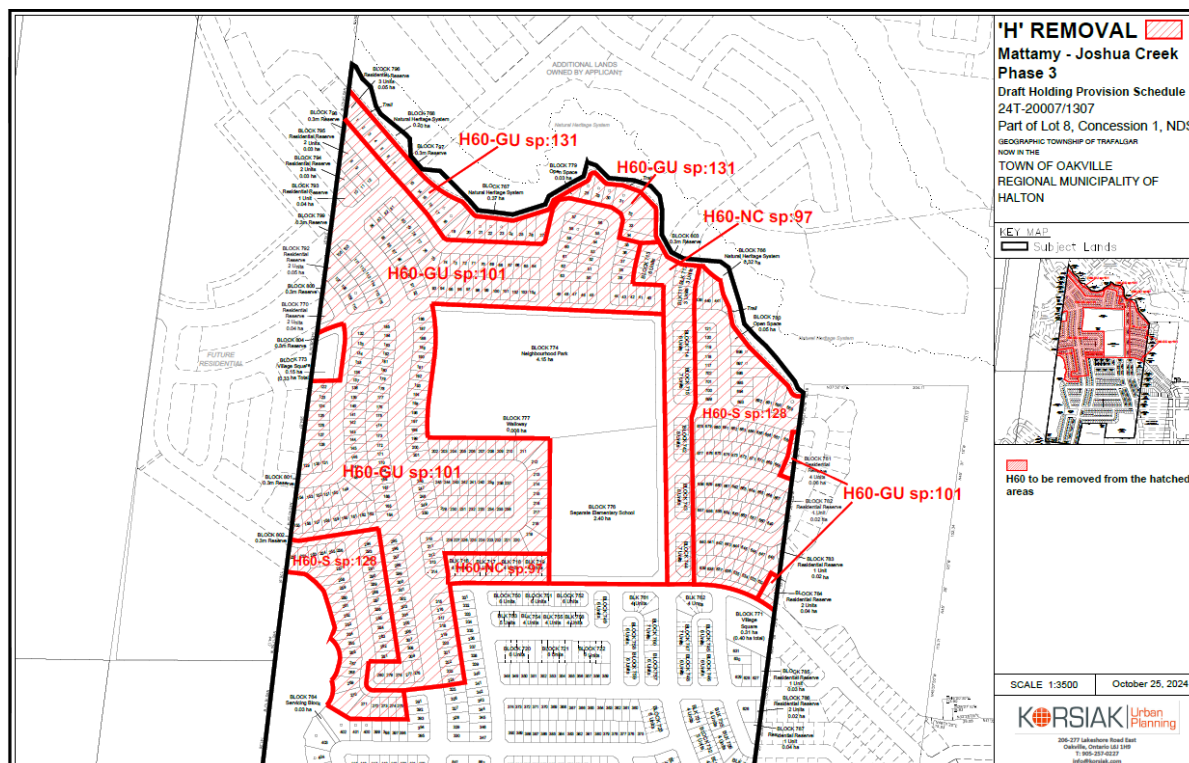

The applicant is proposing to remove the “H60” Holding Provision from the subject lands, to permit the development of 314 townhouse units, 702 detached dwelling.

## TECHNICAL & PUBLIC COMMENTS:

The Subject lands were part of the public consultation process through the development application review for the Subdivision application 24T-20007/1307 and Zoning By-law Amendment Z.1307.07.

The Town received an application from Korsiak Urban Planning to remove the “H60” holding symbol from the Zoning By-law to allow the subject lands to be developed. Zoning By-law 2009-189, Section 9, Holding Provision, Table 9.60.1, indicates that the “H” symbol may be removed when the following conditions have been satisfied:

<b>H60</b>	Mattamy (Joshua Creek) Limited Part of Lot 8 & 9, Concession 1, NDS	Parent Zone: GU, S, NC
Map 12(6)		(2023-036)
<b>9.60.1 Only Permitted Uses Prior to Removal of the “H”</b>		
For such time as the “H” symbol is in place, these lands shall only be used for the following uses:		
a)	Legal uses, buildings and structures existing on the lot	

9.60.2 Conditions for Removal of the “H”	
The “H” symbol shall, upon application by the landowner, be removed from all or part of the lands subject to the “H” symbol by the Town passing a By-law under Section 36 of the Planning Act. The following condition(s) shall first be completed to the satisfaction of the Town of Oakville and the Region of Halton:	
a)	The Owner shall secure the appropriate amount of water and wastewater Servicing Allocation under the Region of Halton Allocation Program;
b)	The Owner shall have signed the applicable Allocation Agreement or any required Amending Agreements;
c)	The Owner shall have made all required payments associated with the Allocation Program; and
d)	The Owner shall be in receipt of the Region of Halton Public Works Commissioner’s Notice (PWCN) letter

## CONCLUSION:

The subject lands are zoned H60-GU sp:131 (General Urban), H60-NC sp:97 (Neighbourhood Centre), H60-GU sp:101 (General Urban), H60-S sp:128 (Sub-urban), H60-NC sp:97 (Neighbourhood Centre) and H60-GU sp:101 (General Urban) in the Town of Oakville Zoning By-law 2009-189.

The Region of Halton has confirmed in its letter submitted to the Town of Oakville dated December 18, 2024 that there is sufficient Water and Wastewater servicing to accommodate the proposed development and cleared the H condition related to Allocation.

As such, staff is satisfied that the requirements for the removal of the Holding Provision “H60” as it applies to subject lands, have been sufficiently addressed to conclude that the Conditions have been “completed to the satisfaction of the Town of Oakville” and Halton Region have no objection to the Holding Removal. Staff recommends that application ZH 9/24 be approved and By-law 2025-035 be passed which would have the effect of removing the “H60” from the subject lands.
