### Comments

Since the posting of the March 17<sup>th</sup> meeting agenda online, staff has received comments from the Oakville Lakeside Residents Association requesting minor changes to the Old Oakville Heritage Conservation District Plan and Guidelines.

Staff has reviewed the requested changes and have revised the Old Oakville Heritage Conservation District Plan and Guidelines to ensure consistency in wording throughout the Plan, correct typographical errors and to confirm images are formatted correctly. The changes are not substantive and do not alter the intent or guidelines of the Plan but are helpful to ensure the Plan is a professional and consistent document.

A revised version of By-law 2025-063 is attached.
