

Oakville Transit Annual Accessibility Plan 2025

Accessibility Advisory Committee
March 20, 2025

Overview

- **Oakville Transit creates an annual accessibility plan as a requirement under the AODA, and additionally supports the Town's accessibility plan**
- **2024 Oakville Transit Accessibility Plan presented to AAC in June 2024**
- **Today: overview of the 2025 Accessibility Plan**

Addressing Barriers

- **Addition of “route served” numbers on bus stop signs to improve wayfinding**
- **Completion of the Five-Year Business Plan to help inform future service initiatives**
- **Launch of real time booking app and scheduling system for Ride On Demand in April 2024**

Addressing Barriers

- **Requirement for all drivers to lower conventional buses for all customers as of March 2024**
- **Implementation of free fares for youth and seniors in May 2023**

Barriers Addressed

- **Various features on our vehicles:**
 - High colour contrast
 - Low floor buses
 - Audio and visual announcements

Barriers Addressed

- Increased level of service for clearing of snow at stops
- Bus stop pole relocation for standardization at bus stops

Actions planned for 2025

- **Introduction of free care-A-van service May 2025**
- **Implementation of first initiatives from the Five-Year Business Plan**
- **Ongoing bus stop infrastructure improvements (concrete landing pads/walkways and shelters)**

Actions planned for 2025

- **Complete development of a Travel Training program**
- **Update to Magnus Cards**
- **Project to replace real time message signs at the Oakville GO, Sheridan College and Bronte GO with new digital signs**
