**RE: New Single Family Residence with Accessory Dwelling Unit 81 Allan St., Oakville

The above heritage permit was acquired by a previous consultant (Narratif Design) working on this project. The property owner has asked our firm to take over this project and to apply for a revision to this permit. Please process the drawings that I have provided as a revision to the above permit, not a new application.

Best regards,

### B – Heritage Permit Application Summary

☐ Alterations to Building

☒ New Construction

☐ Landscaping

☐ Demolition

Clearly describe the changes you are undertaking to alter the property (attach additional page(s) if needed):

1. This is a proposed new home that received a permit in 2024 from Heritage Oakville. There was a different
2. Consultant on the file at that time. This application is to revise the building elevations from the 2024
3. approval. No changes to the site plan are proposed and the building footprint will continue to be as previously
4. approved. The nature of the proposed changes are to introduce a more traditional character to the building, to
5. establish a stone base with brick wall surfaces on all elevations as opposed to the mix of more contemporary
6. materials proposed earlier, and to introduce more traditional windows to the building.

C – Review of Heritage Guidelines

Explain the reasons for undertaking the alterations and describe how the proposal is consistent with the Part IV individual designating by-law, the Part V District Plan or the CHL Conservation Plan:

The proposal is designed to conform to the guidelines in section 4.3.3. of the First and Second Street Heritage Conservation District Plan (New Development in the HCD) and to be appropriate to the key site directly at the eastern terminus of Robinson St. The proposed design is similar in massing and detailing to other existing homes on the east side of Allan St., south of Lakeshore.

D – Other Required Approvals

Please state if the proposal in this heritage permit application will also require approvals for the following:

Building Permit	<input checked="" type="checkbox"/> YES	<input type="checkbox"/> NO
Minor Variance *	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO

\*Prior to submission of your heritage permit application, any relevant minor variance application must have been submitted and confirmed on a Committee of Adjustment meeting agenda. The Committee of Adjustment must make a decision on the variance(s) before the heritage permit will be considered by the Heritage Oakville Advisory Committee.

If Yes, please describe the application for all required approvals listed above:
