Trauma and Violence Informed Decision Making for Elected Officials

AMO Education is pleased to be offering this new workshop to support members in facing challenging and complex issues impacting communities.

Addressing issues such as domestic violence, homelessness, mental health, addiction, accidents, and more requires insight and understanding of the core principles of trauma and violence informed (TVI) decision-making.

Why would this insight matter to municipal elected officials? Decision making with understanding leads to policy making that prioritizes the emotional, physical and cultural safety of those affected by traumatic events and circumstances including constituents, municipal staff, and you.

This two-part workshop will cover the basics of TVI, and challenge attendees to think about key issues relating to municipal decision-making contexts. Attendees will work on specific cases where TVI thinking and strategies can be applied in examples such as civic space planning, assessing municipal housing bylaws and policies, and safe community initiatives.
