Subject: IGMS August 6, 2019

Mr. Mayor, members of Council, A previous engagement prevents me to appear in person today, so please accept my written submission.

I speak today not only as a board member of the Bronte Village Resident's Association but also as a Public-at-Large Delegate of the Oakville Energy Task Force.

Building communities where people to choose to live without a car is the only we can contribute in a positive manner to controlling CO2 emissions in addition to promoting. heathy lifestyle.

Scenario 3B is the preferred growth scenario and I encourage the Council to vote accordingly.

Best regards,
Harry
